

INDEPENDA™

Simplified Innovation for Senior Living

YOUR FUTURE OF SENIOR LIVING TECHNOLOGY IS HERE

INCREASE OCCUPANCY, STAFF EFFICIENCY AND FAMILY ENGAGEMENT.

Build your brand and promote your commitment to resident satisfaction with technology that is cutting edge, thoughtful and easy to use. **Independa™** is designed to increase occupancy, staff efficiency, service delivery and family engagement. This familiar technology enhances residents' sense of control and independence, as well as sense of community.

- Easily obtain feedback through customizable surveys and other two way functions
- Broadcast community announcements, activities and menus, and get RSVPs
- Enable residents to easily fill their own calendars with their TV remotes and get reminders
- Enhanced engagement between staff, residents and families

INDEPENDA™

Enable Resident Engagement

CARE EVEN WHEN YOU CAN'T BE THERE

THE WORLD AT HER FINGERTIPS

Your residents can now switch between watching their favorite shows and engaging with friends and family. With Independa™, they can connect to their loved ones quickly and easily just by using a simple TV remote – **without changing inputs or channels.**

- Friends and family can video chat, share photos and personal messages
- Receive alerts when something isn't quite right
- Remotely manage medication reminders, health measures and more
- Wisdom, jokes and memorable moments in life are all captured using "Life Stories"
